Depreciation Aid Welcome to Business

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — American business today has new arms to fight two of its pressing battles. The relaxation in depreciation rules for tax purposes is expected to help American industries fight rising costs at home that crimp profits. It also should help them battle foreign competitors who have better equipped plants.

Industry spokesmen may question whether the new Treasury rules are adequate to do the whole job they want. But the easier terms should help.

The immediate result of letting corporations deduct more for depreciation of their equipment, the government says, will be a \$1.25 billion tax relief.

The longer aim is to encourage American industry to further modernization—to catch up in a field in which it once led the world.

In recent years its rate of replacement of old machinery has trailed that of industries in Western Europe and Japan. And this has been one of the reasons these nations have been giving American producers stiffer competition in world markets. Depreciation rules and other tax laws in other countries have mostly been more favorable to such updating of equipment than in the United States.

Some companies say they have been waiting to study the new rules, promised for some time now, before placing new orders. Machine tool makers, builders of plants, and others who supply that the new rules will spur a rise in orders. The Administration says this could help the entire business expansion are hoping economy, and particularly its rate of growth.

A corporation can finance new equipment in four ways: It can sell more stock; it can borrow money; it can retain profits that otherwise would be paid to stockholders as dividends; it can use depreciation funds. Usually it uses more than one of these means.

Since funds set aside for depreciation of old equipment are deducted from pre-tax earnings, the tax collectors have rules covering them.

The old rule in force since 1942 covered some 5,000 types of equipment, ranging from delivery trucks to blast furnaces. The life of such equipment varies, so that depreciation is spread over a varying number of years. But the average life expectancy in the Treasury rules was just under 20 years.

Businessmen say this was unfair, because machinery grows obsolete much faster than that today, and also the amounts they could deduct wouldn't cover new machinery that costs so much more than a few years back.

The new schedules are aimed at cutting the classifications sharply, reducing the life expectancy of most equipment, and setting up general standards in relation to the purchase price of all depreciable property.

Weather

Experiment Station report for 24 hours ending 6 p. m. Wednesday: High 95; low 71; precipitation none.

Total 1962 precipitation through the month of June, 26.93 inches; during the same period a year ago, 24.90 inches.

Arkansas Regional Forecast

By THE ASSOCIATED PRESS
Central Arkansas: Clear to partly cloudy and hot through Saturday with a chance of isolated afternoon or evening thundershowers. High this afternoon mid to high 90s. Low tonight mid to high 70s. High Friday afternoon high 90s.

Southwest and southeast Arkansas: Clear to partly cloudy with little change in temperature through Friday. No rain of consequence. High this afternoon 94-99. Low tonight 72-78. High Friday 94-100. Little change Saturday.

Northeast Arkansas: Clear to partly cloudy and a little warmer through Friday with isolated afternoon or nighttime scattered showers. High this afternoon 90-96. Low tonight 72-76. High Friday 92-98. Saturday partly cloudy and warmer with a chance of afternoon or evening thundershowers.

Northwest Arkansas: Clear to partly cloudy and hot through Friday with isolated afternoon and nighttime thundershowers. High this afternoon 92-98. Low tonight 72-76. High Saturday 94-100. Little change Sunday.

Capt. D. Browning Is Interne Graduate

FORT BENNING, GA. — ONE OF 15 MEDICAL INTERNS graduating recently at Fort Benning's Martin Army Hospital is Capt. Donald Browning, center, of 619 South Hervey St., Hope, Ark. Left to right are: Mrs. Browning, Capt. Browning and Col. William A. Todd, Jr., of Augusta, Ga., hospital commander who officiated at the graduation.

Faubus Sees Self as Man in Middle

By THE ASSOCIATED PRESS

Gov. Orval E. Faubus pictured himself Wednesday night as a man caught between pressures of two extremist groups—integrationists and segregationists, and named one of his opponents in each category.

Meanwhile each of his opponents continued to chip away at cracks in the governor's political armor. Former governor Sid McMath, who appeared on television 2½ hours after Faubus made his remarks through the same medium, said the Faubus' talk was "full of the half truths he has become so famous for."

Dale Alford said in a Fayetteville talk that the agriculture program in the state has been neglected and he intends to do something about it. Kenneth Coffelt told Boone County supporters the Faubus administration was "the most corrupt political machine ever assembled."

Vernon Whitten campaigned for votes at a series of meetings at Little Rock. David Cox did not release an itinerary and made no major speech.

Faubus, in a 30-minute telecast, said he alone was fighting to preserve liberty while withstanding pressures from extremists on both sides.

He termed McMath, his campaign manager and law partner Henry Woods, Arkansas Gazette publisher Hugh Patterson Negro leader Mrs. Daisy Bates and the Women's Emergency Committee of Little Rock integrationists.

Alford and Capital Citizens Council officers Amis Guthridge, Rev. Wesley Pruden and Dr. Malcolm G. Taylor, he said, are segregationist extremists.

Faubus said there was speculation that he and segregationists had broken up when Alford announced for governor. He denied a report made at the time that he said he didn't care, that there was nothing left of the Citizens Council anyway.

Council leaders broke with Faubus Tuesday night after a hand-bill accusing him of no longer Continued on Page Two

School Fund Gets Surplus 1½ Million

LITTLE ROCK (AP)—The state Education Department said Wednesday state revenues have increased to the point that it will have a \$1.5 million surplus in the public school fund this month.

Joe L. Hudson, director of disbursements, said only \$250,000 was budgeted as a surplus when the board adopted a \$54,982,995 budget in June.

Hudson said the surplus was beyond the \$1 million bonus sent to school districts last month. He said this is money that wasn't in view a month ago.

The unexpected surplus, he said, will give the board a more flexible budgetary position. The board could bolster any of its 23 programs except transportation aid and the teacher retirement program, on which legal maximums are set.

Hudson said he favored setting the surplus aside as a cushion against low revenue months.

Would Cut Tax Benefit by One-Half

By JOE HALL

WASHINGTON (AP)—The Senate Finance Committee considers today substitutes for the tax break President Kennedy wants to give businesses that modernize.

The committee voted 10-7 Wednesday to approve in principle the incentive feature of Kennedy's tax revision bill. But then it voted a substantial modification that committee experts said would cut the tax break in half.

Today some members will seek to knock out the credit entirely and substitute other business benefits. Supporters of the administration voiced confidence, however, that they could retain the watered-down version in the legislation.

The committee also dealt the administration a severe setback by voting 10-5 to eliminate from the bill the proposal for withholding 20 per cent of all dividends and interest.

Kennedy had claimed the withholding system would bring in an estimated \$50 million in annual revenues lost through failure of individuals to report. He had banked on the system as a means of recouping about half the revenue the government would lose if his tax credit plan became law.

Pending was a proposal by Sen. Albert Gore, D-Tenn., to substitute a corporation tax cut for the investment credit.

Gore told a reporter his proposal would provide relief for all corporations, with the heaviest cuts for smaller ones. This, in his view, was preferable to the credit. Corporations now pay at a 30 per cent rate on income up to \$25,000, and 52 per cent above that amount. Under Gore's proposal, they would pay 25 per cent on income up to \$25,000, 47 per cent on the next \$75,000, and 52 per cent above \$500,000.

Injunction Sought to Halt Pickets

PARAGOULD, Ark. (AP)—Emerson Electric Co. has asked Greene County Chancery Court to restrain striking employees from obstructing business at the plant.

In a suit filed Tuesday the company asked that the International Union of Electrical, Radio and Machine Workers (AFL-CIO) be restrained from picketing the plant, from engaging in mass gatherings and from further acts of intimidation and violence as alleged in the complaint.

Union officials and members were told to appear in court July 21 to give discovery depositions.

The firm charged the union and some of its members with various acts of violence and coercion and the hindrance of access to the plant.

Anyone interested in making donations to the upkeep of Providence Cemetery should send them to Mrs. Callie Rinehart, Patmos Rt. 1. Contributions are needed now.

Attic Fire on East Division

An attic fire was put out Wednesday afternoon by the Hope Fire Department on a run to a two-story house on East Division St. owned by T. J. Johnston. The fire was confined to the attic. The roof was destroyed, but damage elsewhere was due to water and smoke.

Whitten for U-Status at Jonesboro

JONESBORO, Ark. (AP)—

Vernon H. Whitten, bidding for northeast Arkansas votes, said today he would support legislation to grant university status to Arkansas State College.

"It is obvious this school already has achieved university status, not only enrollment-wise but by other educational measurements," Whitten said in a speech prepared for delivery over two Jonesboro radio stations.

Whitten is the first candidate to favor Arkansas State's bid to become a university. The bid was a controversial issue in the 1959 legislature and has boiled behind the scenes since then.

"The failure to recognize (State's university status) has resulted in an exodus of qualified students from northeast Arkansas to Memphis State University and other universities," Whitten said. "A large majority of those students never return."

Whitten said the Arkansas State issue in the 1959 legislature was not resolved on its merits but became a test of political strength between A-State supporters and supporters of the University of Arkansas.

"It is significant that Gov. (Orval E.) Faubus has at all times dodged this issue," Whitten said. "Does anyone doubt that this measure would have been successful with his support?"

Whitten challenged other candidates to give a "yes or no" answer as to their position of the Arkansas State issue.

Whitten said he was a supporter of the University of Arkansas. One of his sons is a student there.

"However, I believe that in my program of what's right for Arkansas, we must do everything in our power to upgrade all our schools."

earlier in the speech, Whitten criticized action of the state Democratic Committee in instructing judges and clerks to permit only loyal Democrats to vote in the July 31 primary.

Whitten said Faubus courted Republican votes in his first race in 1934 then cried for party loyalty in the general election in which he was opposed by Republican Pratt Rummel.

Whitten compared the committee action with the 1954 teacher purge of the Little Rock integration crisis, which he said was ordered by Faubus.

"Guiding both these well planned purges is the strong hand and adjustable democratic political philosophy of our present governor, which he applies to produce whatever results may be desired by him," Whitten said.

3 Sought for Window-Peeping

Hope city police today reported three cases of window-peeping Wednesday night. Details were not given.

Overlooked in the previous police report was the case of an automobile accident Tuesday at East Third St. and the Bobcat Drive-Inn. A car driven by Miss Denver Hornaday, Hope, rammed the back end of another vehicle driven by Merrill E. McClaughan of New York City, formerly of Hope, Miss Hornaday was charged with hazardous driving.

World Is Drawn Close by Telstar

By ANDREW MEISELS

NEW YORK (AP)—The Telstar satellite, spinning majestically around the earth after a historic television linking of the United States and Europe, is due to perform another first Friday.

This is to be a transatlantic telephone call by way of the satellite between New York and Paris. Speaking from here will be Eugene J. McNeely, president of the American Telephone & Telegraph Co., whose laboratories developed and built Telstar.

The demonstration is scheduled between 5 and 6 p.m. (EST).

Telephone service across oceans and continents is one of the prime objectives of satellite communications. This is because present submarine cables are becoming overcrowded, and it is extremely expensive to lay new ones. Radio-telephone is subject to fading and even blackouts.

In the initial demonstration Tuesday night, Telstar showed it could transmit television simultaneously with two-way phone calls, pictures and news stories. These transmissions all went to and from points in this country.

Wednesday night the satellite relayed television pictures from the Old World to the New, bringing programs from French and British stations to American homes.

During orbit No. 24 from 3:30 p.m. to 7:29 p.m. EST tonight, the telephone company will transmit test material from Andover and the British will broadcast another television program.

During orbit No. 24 from 6:30 p.m. to 10:16 p.m. the French will put on another TV program after transmission of test material by the telephone company.

The material will be made available to the television networks to do with as they choose. For the first time in history Americans were able to watch a French television program as it was being broadcast.

Several hours later, a program came to TV screens in this country "live" from Goochville Downs, England.

While the programs originated in Europe, both came here by a circuitous route to and from outer space. European signals were beamed skyward to rendezvous with the Telstar satellite.

The 170-pound, man-made heavy-only wounder picked up the signals, magnified them 10 billion times and beamed them down again to this portion of our shrinking earth.

This entire procedure took only milliseconds, since television signals travel at the speed of light—18,000 miles per second—and Telstar is never more than 3,500

3-Day Clinic at Hempstead Health Unit

A three-day training course on medical self help will be held in the Hempstead County Health Unit on July 16, July 18, and July 23. The subjects to be covered in this training course are:

Radio active fallout and shelter; Hygiene; sanitation and Vermin Control; Water and Food; Artificial Respiration; Bleeding and Bandaging Fractures and Splinting; Burns and Shock; Transportation of the injured; Nursing care of the sick and injured; Infant and Child Care and Emergency Childbirth.

This training program developed by the United States Public Health Service in cooperation with the American Medical Association Council on National Security and Disaster Medical Care teaches American families how to survive a national emergency and meet their own needs if deprived of a physician's services.

The hours for each day designated will be 9 a.m. to 5 p.m.

New Zealand Expels Red Diplomats

WELLINGTON, New Zealand (AP)—New Zealand expelled two Soviet diplomats today on charges of spying.

Prime Minister Keith J. Holyoake told Parliament the Russians had sought security information by illicit measures. Both were members of the Soviet legation staff in this capital.

The Russians were identified as V. S. Andreev, a commercial counselor and second ranking official at the legation, and N. I. Shlykov, second secretary and cultural officer.

Being a Husband Is O. K., But in His Next Life Hal Boyle Wants to Be a Cat

By HAL BOYLE

NEW YORK (AP)—When the time for my next reincarnation rolls around, I have already decided what I want to be.

I want to be reborn a cat—a big fat smug, selfish and self-satisfied cat.

Being a husband in this world isn't a bad life in its way. The members of your family usually allow you a favorite chair to sit in. You are permitted to pick at least one television show a week—provided everyone else happens to like that one, too. And on your birthdays and Father's Day you always get a necktie and a card that says something like, "We're awful glad that you're our Dad."

But when you get right down to it, a cat lives a richer, carefree life. With a cat it's Christmas all year 'round.

A cat has it made from birth. It never has to soil its dainty paws with labor. Its brow is never wet with honest sweat.

Unlike a dog, it doesn't make an effort to please the human sets that serve it. Unlike a dog, it doesn't feel guilty if it is caught doing wrong. A cat feels it is always in the right. It never gets wrinkles worrying about anybody or anything else in the wide, wide universe.

There are times when I look at

our cat, Lady Dottie, with utter envy. She will soon be four years old and, so far as I know, never in her entire life has done anything except exactly what she chose to.

She sleeps when she wants to, prowls the house when she wants to, plays when she wants to—not when you would like her to.

Lady Dottie has my wife, Frances, absolutely baffled. If Frances puts a new food on her plate she doesn't like, Lady Dottie sniffs at it, stalks away on feet of plush, and goes on a hunger strike.

In this contest of feminine wills my wife always loses. After 12 hours she caves in and gives our cat what she wants—warm chopped up bits of beef kidney or liver.

In the morning Lady Dottie likes to stroll out in the hall and watch me step into the elevator as I leave for work.

"That shows she misses you," my wife says.

But I know better. There is a laughing look on Lady Dottie's face that clearly says:

"So long, slave. Go earn me a living."

Yes, if I come back for a second life, I want to return as a cat like Lady Dottie. My only trouble will be learning to like chopped beef kidney—but then every existence has some small problem.

Fines Paid, Fasters Are Disgusted

By DON MCKEE

ALBANY, Ga. (AP)—Integration leader Dr. Martin Luther King Jr. and the Rev. Ralph Abernathy were released from jail today over their protests after someone paid fines for them.

"I don't know who paid it," King said. "We didn't want to leave but we couldn't stay any longer."

"It makes us very, very unhappy," King and Abernathy both said they were puzzled by their surprise release. They said they had received fine treatment during their stay in the City Jail.

The Negro ministers were convicted in Recorder's Court Tuesday for their part in racial demonstrations last December. They were given a choice of 45 days in jail or \$178 fines. Both chose the jail terms.

The police chief of this racially troubled south Georgia city made a personal appeal to Negroes Wednesday night to refrain from violence after stones and clods of dirt were thrown at his officers. King's jailing set off protest demonstrations by Negroes, resulting in the arrest of 32 Wednesday and Police Chief Laurie Pritchett's appeal for calm.

More protest marches are expected.

Officers on duty near the Shiloh Baptist Church, where Negroes held a mass meeting Wednesday night, summoned Pritchett after the rock-throwing. The officers began moving as if to cross the street toward the church when suddenly several hundred persons, including numerous youths, came out of the church.

Pritchett arrived just then and told the Negroes he wanted to talk with them. Most of them returned inside the building and the tough situation ended, although some officers who accompanied the chief got cat-calls and jeers from some of the Negro youths.

Prior to the appeal by Pritchett, Albany Negro leader Dr. W. G. Anderson urged, in effect, that the Negroes prepare to march again and, if necessary, go to jail. "We feel we must confront this evil system," Anderson said. "If it means going to jail, I'll go to jail because this evil system must be done away with."

Labor Gives Faubus Its Endorsement

LITTLE ROCK (AP)—The Central Arkansas Labor Council's Committee on Political Education has voted its support of the state COPE Committee's resolution condemning the record of Gov. Orval E. Faubus.

The state committee adopted the resolution June 16. Earl Yeagran, president of the local committee, said the Central Arkansas group represents 25,000 members. Both labor groups are affiliated with the AFL-CIO.

Two other labor groups have come out in favor of Faubus. They are the State Building Trades Council and the State Electrical Workers Association.

Canada Firm in Face of Doctor Rally

By MAX HARRELSON

REGINA, Sask. (AP)—Premier Woodrow Lloyd and his cabinet are weighing a reply to a citizens' rally petition for a new law to replace Saskatchewan's controversial medical care insurance plan.

But Lloyd said the rally Wednesday has not changed the Social provincial government's stand.

The demonstration brought several thousand persons from all parts of the province into the capital.

Committee organizers claimed a predicted 30,000 persons came into Regina for the rally. Police Chief A. G. Cookson estimated it at 15,000.

But Lloyd said it was no more than 3,000 and declared "the size of claims of overwhelming opposition of the crowd doesn't lend support to the government."

The placard-carrying demonstrators gathered in a picnic mood outside the provincial legislature buildings while a 12-man delegation from the keep-out-doctors sponsoring committee presented the petition to Lloyd and his aides.

The petition asked suspension of the medical care act that went into effect July 1 and precipitated the strike of doctors, who said it opened the door to government control of the medical profession.

The plan, designed to provide medical care for everyone, is financed by single-person and family assessments of \$12 and \$24 a year and by general taxation.

The delegation saw Lloyd for 10 minutes and was told that the government would reply to the petition as soon as possible.

Then the delegation joined the demonstrators outside for two hours of speeches.

The keep-out-doctors committee sought suspension of the medical care act to allow the striking doctors to return to normal service. This would be followed by negotiations between the government and the Saskatchewan College of Physicians and Surgeons to draft a medical care act acceptable to everybody.

France Pays Off, Demands U. S. Gold

WASHINGTON (AP)—France is paying off ahead of schedule \$284.4 million of debts owed the United States and is purchasing \$112.5 million of American gold.

The mixture of good and bad news was disclosed today by the Treasury in an exchange of correspondence between Secretary Douglas Dillon and French Finance Minister Giscard d'Estaing.

The gold purchase will mark the first significant reduction in the U.S. gold supply in about two months. It will reduce the Treasury's gold holdings to \$16.3 billion—the lowest level in more than two decades.

According to the announcement, France will buy the gold "in order to realize a more customary relationship between gold and dollars in French international reserves."

Rebel Arab Takes Over in Algiers

By RODNEY ANGOVE

ORAN, Algeria (AP)—Tens of thousands of applauding, slogan-shouting Moslems gave dissident Deputy Premier Ahmed Ben Bella a rousing welcome to Algeria's second largest city today.

Arriving from Tlemcen, Ben Bella visited army camps at the edge of the city before coming into town in midafternoon. Side-walks along his parade route were lined with youth and children's groups and masses of flag-waving Moslem civilians.

The leftist deputy premier, who split with Premier Ben Youssef Ben Khedda's moderate regime on the eve of Algerian independence, made his delayed return to Algeria Wednesday and received a hero's welcome.

Thousands of Moslems turned out to greet him as he journeyed from the Moroccan frontier to Tlemcen, 75 miles south of Oran, Algeria's second city.

His next stop was Oran, where thousands of his armed supporters already were in control. Then he planned to proceed to Algiers and a possible showdown with Ben Khedda over leadership of the fledgling Algerian nation.

In Algiers, Ben Khedda's regime was reported growing increasingly uneasy as Ben Bella demonstrated his hold on the Moslem masses on his journey through western Algeria. But Ben Bella struck a moderate pose.

Addressing a crowd of 6,000 Wednesday in the sports stadium at Tlemcen, Ben Bella made no direct mention of his rift with Ben Khedda. But he expressed hope that the new nation would solve its difficulties through the cooperation of the army, the people and the government.

Ben Bella spoke from a position of strength. He has the support of the 45,000-man liberation army now returning from exile in Morocco and Tunisia and of a great share of the former Moslem guerrilla units inside Algeria. And obviously he is the idol of western Algeria's Moslem civilians.

Ben Bella broke with Ben Khedda on the announced issue of Ben Khedda's dismissal of the three top officers of the liberation army for allegedly planning a military dictatorship for Algeria. Underlying the rift, however, is Ben Bella's opposition to Ben Khedda's policy of close cooperation with France. Ben Bella advocates sweeping socialism in Algeria in an Arab vein.

France Pays Off, Demands U. S. Gold

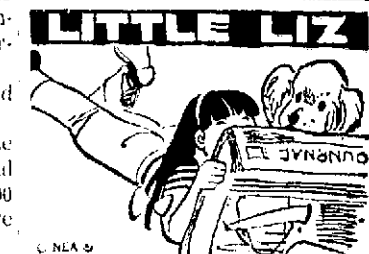

WASHINGTON (AP)—France is paying off ahead of schedule \$284.4 million of debts owed the United States and is purchasing \$112.5 million of American gold.

The mixture of good and bad news was disclosed today by the Treasury in an exchange of correspondence between Secretary Douglas Dillon and French Finance Minister Giscard d'Estaing.

The gold purchase will mark the first significant reduction in the U.S. gold supply in about two months. It will reduce the Treasury's gold holdings to \$16.3 billion—the lowest level in more than two decades.

According to the announcement, France will buy the gold "in order to realize a more customary relationship between gold and dollars in French international reserves."

As part of the prepayment of postwar debts, France will completely liquidate the remaining \$299.7 million owed on loans granted under the Marshall Plan. In addition, France will pay \$33.7 million to cover installments due in 1970 and 1971 under the postwar loan granted in 1956 by the Export-Import Bank.

Nothing is completely useless. Even a bad investment will get you an income tax refund.

SOCIETY

Phone 7-4611 Between 8 A. M. and 4 P. M.

Calendar

Thursday, July 12

The Hope B&PW Club will have the annual picnic Thursday, July 12 at the Maryman Cabin on Yellow Creek. Members will meet in front of the Telephone Co. at 6. Please plan to attend.

Sunday, July 15

The wedding of Miss Beryl Judith Hammons, daughter of Mrs. Foy Hayken Hammons and the late Mr. Hammons, and John Wendell Shafer of Ft. Hood, Tex., son of Dr. and Mrs. Cecil Wendell Shafer of Little Rock, will be an event of Sunday, July 15 at 4 p. m. in the First Methodist Church of Hope with a reception to follow at Hope Country Club. No cards will be sent. Their many friends are cordially invited.

Monday, July 16

Wesleyan Service Guild No. 2 First Methodist Church will have a meeting Monday, July 16 at 7:30 p. m. in the home of Mrs. Hinton Davis.

Circle 5 of the WSCS of the First Methodist Church will meet Monday, July 16 at 7:30 p. m. in the home of Mrs. J. C. Atchley with Mrs. Ben Rateliff co-hostess. Mrs. John Pierce will have charge of the program.

Hope Duplicate Bridge Meets: Five tables of players assembled for Master Point Night of the Hope Duplicate Bridge Club on Monday at the Diamond. Winning couples were:

First, Dr. George Wright and R. L. Broach; Second, Mrs. R. L. Broach and Dr. Harold Brontis; Third, Mrs. E. P. Young Jr. and Miss Elizabeth Bridgwell; fourth, Mrs. R. T. White and Mrs. John Hatley.

Mrs. Griggs Entertains Class
The Builders Sunday School Class of the First Baptist Church was entertained Monday with a picnic supper in the back yard "Summer House" of Mrs. Guy Griggs with Mrs. Owen Hollis as co-hostess. Summer flowers added to the beauty of the outdoor setting where the members were served, buffet style.

Following the meal the business period was conducted by the president, Mrs. Dayton Thomason. Reports were given by Mrs. J. T. Bowden, Mrs. Reece Chambliss, and Mrs. R. M. Jones, officers of the class. Plans for the participation of the members in the coming Youth Led Revival were discussed. Mrs. Hubert Thrash presented the devotional on "Patience, A Need of Every Christian."

After a brief fellowship period the meeting was dismissed with prayer by Mrs. Thrash.

Miss LaNelle Fuller, Honored
Miss LaNelle Fuller, bride-elect of Tommy Brasher, was honored with pre-nuptial party on Tuesday, July 10 at the M. S. Bates home. Co-hostesses included Mrs. Bates, Mrs. Frank Horton, Mrs. Hubert Thrash, Mrs. A. A. Albritton, Mrs. Herald Porterfield, Mrs. Elmer Brown and Mrs. C. F. Martin.

The guests were greeted by Mrs. Henry Haynes, who introduced them to the receiving line. There they met the guest of honor, her mother, Mrs. Horace Fuller, Mrs. F. S. Brasher of El Dorado, mother of the groom-elect, Mrs. Will Munn, grandmother of the bride-elect and the hostesses. Miss Fuller wore a white tulle dress with a blue nylon jacket. She pinned a corsage of fleur d'amour at her shoulder. The party was held in the glass-enclosed porch area of the Bates

home overlooking spacious gardens. Besides colorful arrangements of daisies, zinnias, gerbera and large white flowers of the hydrangea family, another focal point was a tiny fountain against a rock wall.

The serving table was overlaid with a white cutwork cloth and centered with white stocks and candles. Frosted lime punch, nuts and cookies were served for refreshments. Mrs. S. A. Whitlow of Little Rock and Mrs. H. B. Fuller Jr. of Junction City served the punch at alternate hours.

Members of the house party each had a rosebud corsage. They served at alternate hours at the guest book and also dispensed hospitalities. These included Misses Mary Eppler, Sheila Foster, Carolyn Strong, Mary Charlene Horton, Barbara Caston, Mary Alice Caston, Fredricka Silvey, Linda Thrash, Mary Ann Beaty, Cary Joy Case, Suzanne Sommer, Sue Ann Smith, Caroline Cox, Mrs. W. H. Bruner Jr., Mrs. T. J. Silvey and Mrs. Perry Moses.

Wesleyan Service Guild Picnic

The members of the Wesleyan Guild No. 1 of the First Methodist Church enjoyed a picnic supper at the home of Mrs. Elmer Brown on Monday night, July 9. In the absence of the president, Mrs. Charles Taylor presided. The budget for the new year was presented by Mrs. B. N. Holt and was adopted. The devotion was presented by Mrs. J. W. Perkins. Fifteen members and one guest, Miss Elsie Weisenberger of Houston, enjoyed the occasion.

Melver-Torbert Vows Pleaded

The wedding of Miss Carolyn Joan Mclver, daughter of Mr. and Mrs. E. V. Mclver of Guernsey, and Ray H. Torbert, son of Mr. and Mrs. C. H. Torbert of Hope, was solemnized Saturday, July 7 at 8 p. m. in the Guernsey Baptist Church.

Third Rev. Kelly Dickson officiated at the double-ring ceremony. Mrs. James Brown of Little Rock was her sister's matron of honor. James Brown served as best man. The bride is a 1959 graduate of Guernsey High School and is employed in Hope at the Southwest Bell Telephone Co. Mr. Torbert, a graduate of Hope High School, is employed by Lone Star Ordnance in Texarkana. The newlyweds are at home in Hope.

Miss Foster and Fiance Honored
Mr. and Mrs. George Peck and George Peck Jr. entertained Miss Sheila Foster and her fiancé, Beryl Anthony Jr., of El Dorado, with a dinner party at 7 p. m. Saturday, July 7 at the Texarkana Country Club.

Miss Foster wore a black chiffon cocktail dress and pinned pink feathered carnations at her shoulder. She was also presented a gift of silver in her chosen pattern by the hosts.

The table in the dining room was centered with a silver epergne holding pink carnations and leatherette foliage. On the ends of the table were seen candleabra holding pink tapers entwined with pink carnations.

Covers were laid for 24.

Coming and Going

Mr. and Mrs. G. O'Bryant have returned from a vacation trip to Hot Springs where they stayed at the Majestic Hotel.

Jerry O'Neal is at a Boy Scouts Explorers Expedition at Philmont Scout Ranch, Cimarron, N.M. and will be gone about two weeks.

Little Miss Cathy Berry of Crossett is visiting her grandmother, Mrs. C. C. Collins.

Mrs. Dennis Crafton and three children, Ft. Worth, left Hope Tuesday, accompanied by Miss

DOROTHY DIX

That Which They Feared!

By HELEN WORDEN ERSKINE

Dear Helen: My husband and I were reared in a straight laced, Sunday - go-to-meeting atmosphere. Those not of our faith and nationality didn't exist as far as our parents were concerned and to some extent we've continued this isolationist way of life. Not so, our children.

The boy, now 24, married a girl of different religion and country. Actually, she's a wonderful person; intelligent and a devoted wife; got a job to support her husband while he studied for his B. S. I contributed toward his tuition but without additional help from her he never would have graduated from college last month. Because of me, my husband is studiously polite to her. Yet he feels that our son has disgraced the family by marrying her. And this, no matter how hard we may try, is difficult to conceal.

Now we are faced with another problem which is just about more than my husband can take. Our 19 year old daughter, whom he worships, has become interested in a boy of European lineage whose faith and ways are not hers. If we so much as broach the subject she rushes to his defense, declaring that she is only living up to the broadminded teachings of her college.

I accept this liberal philosophy more gracefully than her father but deep down inside I, too, am hurt. He says if she does as our son did, and marries into another faith and nationality, we shall move to a place where no one will know our disgrace and live just for one another. I can't quite accept this. Yet every morning I pray our daughter will change her mind—but am I right?

In addition to being a foreigner, her boy friend lives on the wrong side of the tracks. However, he is doing his level best to better himself; works his way through college, is a good student and treats our daughter like a queen—as she expresses it.

I was brought up to believe that no matter where you lived, it was the character, not social position, that counted. My husband thinks everybody should marry within their own class. Please give me your frank opinion. We get lots of help from your column. —Anxious Wife and Mother

Dear Anxious: It may be a misfortune but certainly not a disgrace, for your son and daughter to marry outside their faith and class. Yet, from what you say, I'm not so sure it is even

Cynthia Collier, for a months trip to Virginia where they will visit friends and relatives.

Mr. and Mrs. Bob Smiley have had their son, Gene, visiting them for 10 days and he returned to St. Louis, Tuesday.

Major and Mrs. Curtis Cannon and three children visited his aunt, Mrs. J. A. Davis and Mr. Davis for a few days last week while enroute from Alabama to Colorado Springs, Colo., for a new assignment with the Air Force.

Kathy and Tommy Kinser, who have been visiting their grandmother, Mrs. Tom Kinser, have returned home to Denison, Texas.

Mrs. W. J. Greenwald and Martha, Sugarland, Texas, are visiting Mr. and Mrs. W. P. Singleton.

Mrs. Gladys Hamilton has returned from a trip to the Six Flags Over Texas exhibition in Arlington, Tex. and a visit with the H. M. Hamilton family in Dallas.

Kenny McRae, L.R. has been visiting his grandparents, Mrs. Helen McRae Barlow and Mr. and Mrs. R. N. Mouser. He was joined on Tuesday by his mother, Mrs. Ken McRae and three brothers.

Mrs. Hans Ruppel and two children, New Haven, Conn., are visiting the Howard Houstons in Prescott and the W. C. Bruner Jr. family in Hope.

Mrs. Lillian Roberts underwent surgery Monday at St. Michael's Hospital in Texarkana. She is in room 403.

Mr. and Mrs. Ned Young of Laurel, Miss., Mr. and Mrs. B. M. Haney, Cindy and Sandy spent last weekend with their aunt, Mrs. Ed Brown.

Hospital Notes

Memorial
Admitted: Mrs. Wallace Neece, Blevins; Oscar Pondexter, Washington; Thompson Impson, Hope; Edna Nash, Fulton.

Discharged: Mrs. J. R. Steadman, Hope; Mrs. C. D. Hovey, Garland, Tex.; Mrs. Louis J. Lee, Hope; Elinor Washington, Hope; Lee M. Russell, Hope; Mrs. Gordon Beasley and baby girl, Hope; Bob Calhoun, Hope.

Branch
Admitted: Mrs. Y Davis, Hope. Discharged: Mrs. Polk Singleton, Hope; Miss Norma Jean Cannon, Hope;

a misfortune. The main question is: Will they be happy? Since both daughter-in-law and the potential son-in-law show initiative and character, I'd say the chances are good. An extension course in psychology might help you and your husband to understand the children better.

They should lead their own lives and you yours, but it should be done from love, not anger.

The "catastrophe" your husband fears could be the means of bringing him closer to son and daughter provided he keeps an open mind. A visit to the countries from which the two "foreigners" come, if you have the means and the leisure, would help break the barriers.

Dear Helen: I read in your column about a young wife who tried to break her husband of snoring. We live on a highway flanked by a railroad. What with train whistles, flat car wheels, the screech of brakes, the noise of trucks and automobiles, I was worn out. Rubber car plugs made life worth living again. I suggest that all young wives should learn the utility of trying to change a man's habits. Once I discovered this, life became fun for all the family, even me. —Happy Grandmother

Dear Happy: You're right, life can be fun, once we learn the

art of living. But I'm not so sure about the rubber car plugs. The isolation might be too complete, especially if you could hear neither the telephone nor doorbell ring and the message you missed, a matter of life and death.

Dear Helen: My grandfather, who died recently, came from the Old Country and, though set in his ways, saw nothing wrong in me, a 13-year-old girl, wearing lipstick. So why should you? My mother even let me use a dab when I was 12—but it had to be very light. Nowadays almost every girl of 13 wears lipstick. —Dissenter

Dear Dissenter: Perhaps you applied the lipstick so skillfully that even Grandpa couldn't detect it. I'm not opposed to a youngster wearing a light shade of lipstick but, if it makes her look 16 when she's only 13, the general effect is not only in bad taste but grotesque.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "What Age for Dating."

Miss Oberon a Movie Star For 30 Years

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — Merle Oberon is making a screen return after an absence of six years—too many, it might be added. She remains one of the rare beauties of the movie world, after 30 years in films. The wide, high forehead and porcelain-like face match the portrait painted of her in the 1930s. The figure is slim as a girl's.

These observations were made at her Beverly Hills mansion, where she lives a portion of the year surrounded by works of art by old and new masters. She had just returned from her homes in Mexico City and Cuernavaca where she had made her film return.

The film is called "Of Love and Desire," and she made it with Steve Cochran and Curt Jurgens. She plays a nymphomaniac.

That's right, the same Merle who was the romantic Calley in "Wuthering Heights," George Sand in "A Song to Remember," Empress Josephine in "Desiree." "Well, styles have changed in movies," she explained, "and you have to keep up with them. Our picture isn't lurid or in bad taste; it is the story of a woman with a problem: she likes men too much." This was Merle's first film since

her marriage to international financier Bruno Paglia.

"Bruno has been very nice about it," she said. "He wants me to be happy, and he knows that acting is a part of me."

"Until now, it has been difficult for me to schedule anything. We spend a part of the year in Mexico, part here, part in Europe and a month or six weeks in New York. I didn't want to interfere with Bruno's work."

"But there are times when he works very hard, and I see him very little. That leaves me at home as housewife. I think I manage that job very well, but I would also like more of a challenge. So I may be doing more work from time to time."

How does Merle stay in such excellent trim? "I work at it. I exercise in the pool every day. I don't drink or smoke—not that I deny myself those things; I don't enjoy them. I eat sensibly."

And, needless to say, she enjoys life.

Guatemalan law requires every literate citizen over 18 to vote in the nation's national elections.

Husband in the Doghouse
MEMPHIS (AP) — Berl Olsinger stopped by the veterinarian to retrieve the family puppy. When he reached home he told his wife: "He must not have enjoyed the visit. He barked all the way home as if he were trying to tell me something."

"You're right," she agreed. "He was trying to tell you brought the wrong dog home."

Pair of Lost Letters Are Delivered

By J. C. TILLMAN
Associated Press Staff Writer

Sequel: It was recently reported in this column that sometimes even the near-perfect delivery record of the postal authorities is blemished—in this case by the loss of two letters at Jonesboro in the crack of a wall for five years.

One was a club meeting reservation, hence not delivered. There was a donation to the Northeast Tuberculosis Association.

The check, from J. P. Treece of West Memphis, has been duly cashed—completing a perfect record of the contributor since 1952.

A Camden service station operator had check troubles of another nature. When Mrs. Minnie Lea Hyatt gave Don Sanders a check in payment of a small bill, he cashed it, for \$198, and gave her the change with due thanks.

Mrs. Hyatt departed happy, but came back later with a complaint. The check was not for \$198. It was for \$1,980. She had thought it a typographical error, until she learned the amount was for five years' accumulation of child support.

Note found, in 7-year-old scrawl, by a Paragould mother returning from home: "Dear Mommy, I love you lots. I love you so much I left you a nice cold soda in the ice box."

Another note, found moments later inside the icebox: "Dear Mom, I'm sorry, but I got thirsty."

Not so funny horse story: Bill Hout of Jonesboro fished a certain pond regularly, but every time he left his car a horse would rub against the antenna until it was bent over.

Solution? A portable antenna that could be taken off and put on the car.

Result? The frustrated horse attacked the seat, hay-chewing fashion, where the antenna lay.

Hout has changed ponds. Besides he didn't catch any fish anyway.

Tidbits: Astute youth at capital pond in Little Rock, fishing with doughballs for carp: "May be mormon shoulda baked this dough. It'd sure be hot bait!"

Maybe the reason Pine Bluffs have been so avid about getting a downtown lake is that they used to have one years ago. A resident reports that an old oak tree, perhaps age 300, used to stand on the shores of a lake in what is now almost the heart of the city.

prospect of ground duty in Project Mercury.

This will involve engineering and planning work on the Mercury, Gemini and Apollo projects and other programs of the Manned Spacecraft Center at Houston.

James E. Webb, administrator of the National Aeronautics and Space Administration, said Slayton is not definitely ruled out of participation in the two-man Gemini and three-man Apollo flights that will follow the one-man Mercury experiments.

"We are not crossing every bridge in the future," Webb said. The decision on Slayton virtually assures an Air Force colleague, Maj. Leroy Gordon Cooper Jr., of an early try at space travel.

Cooper, 35, well may be the next astronaut aloft after the forthcoming orbit attempt of Navy Cmdr. Walter M. Schirra Jr. Schirra's flight is tentatively planned for early September and the Cooper mission might be the last on the schedule for 1962.

The grounding of Slayton was announced Wednesday at a news conference by Dr. Robert S. Gilruth, director of NASA's Manned Spacecraft Center.

Slayton's irregular heart action, called a trial fibrillation, came to flight. He was replaced by Lt. was scheduled to make an orbital flight. He was replaced by Lt. Cmdr. Malcolm Scott Carpenter. Gilruth said Slayton's general health is excellent

Honor Medal Ceremony at Arlington

By ELTON C. FAY

WASHINGTON (AP) — A century ago today President Lincoln signed legislation for presentation of Medals of Honors to Army men who distinguished themselves in battle "during the present rebellion."

Since then, the highest military decoration—for valor above and beyond the call of duty—has been awarded 2,199 times to Army men who fought in nine big or little wars.

There are 16 living who wear the famous medal and two of that select company were chosen to mark the anniversary today by laying wreaths on the Tomb of the Unknowns in Arlington National Cemetery. The unknowns of World War I and II and of the Korea fighting have been awarded the medal.

Selected to place the wreaths were Army Capt. Ola L. Mize, Ft. Benning, Ga., and Luther Skaggs, Washington. Mize was decorated for valor while a Marine private in Korea. Skaggs, national chairman of the Medal of Honor Society, won his honor as a private in World War II. He led an assault against the Japanese on Guam.

When the Medal of Honor was created on Dec. 21, 1861, it was for award to the Navy. But, the following July the Army was authorized to use it also.

The Navy has conferred the medal on 729 Navy men, 278 Marines and one Coast Guardsman.

In addition, the Medal of Honor has been awarded under special act of Congress to 10 others. These include Col. Charles A. Lindbergh; Maj. Gen. Adolphus Greeley, the explorer; the three American unknowns and those of Belgium, Britain, France, Italy and Romania after World War I.

Mahaffey Is Headed for 20-Game Year

By MIKE RATHET
Associated Press Sports Writer

Just 10 months ago Art Mahaffey's career stood at the brink of disaster. Today the young Philadelphia pitcher is standing at the threshold of stardom.

Hit over the eye by a ball thrown at full force from only 2 or 3 feet away in a game at Cincinnati last September, Mahaffey has made a remarkable recovery, and he is well on the way to fulfilling his great promise.

The 24-year-old right-hander, who got off to a predictable slow start, won his 11th game Wednesday night, setting Houston down on five hits to tie a Philadelphia victory that propelled him closer to a possible 20-victory season.

The game, the only one scheduled in either league, acted as the curtain-raiser for the second half of the baseball campaign. It rolls into full swing tonight with an 11-game program.

While Mahaffey was supplying the pitching, Roy Sievers supplied the batting punch for the Phils. The 35-year-old veteran tagged Hal Wodessick (3-7) for a three-run homer in the first inning and later added a run-producing double. Ted Savage also homered in support of Mahaffey, who allowed the Phils' lone run in the ninth on Roman Mejias' double, a walk, Carl Warwick's infield single and Merrill Ranney's grounder.

The Phils host San Francisco tonight as the National League pennant race resumes with the second-place Giants trailing first-place Los Angeles by a half-game. The Dodgers will meet the Mets at New York. Elsewhere, Houston places Los Angeles by a half-game. The Dodgers will meet the Mets at New York. Elsewhere, Houston is at Pittsburgh, St. Louis at Milwaukee and Cincinnati at Chicago for a day game.

In an all-night schedule, the American league - leading New York Yankees, a game in front of second-place Cleveland, invade Los Angeles for a series with the third-place Angels. The Indians will be at Baltimore, Detroit at Chicago, Washington at Minnesota and Boston at Kansas City for a two-nighter.

When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

100% Increase In College Funds

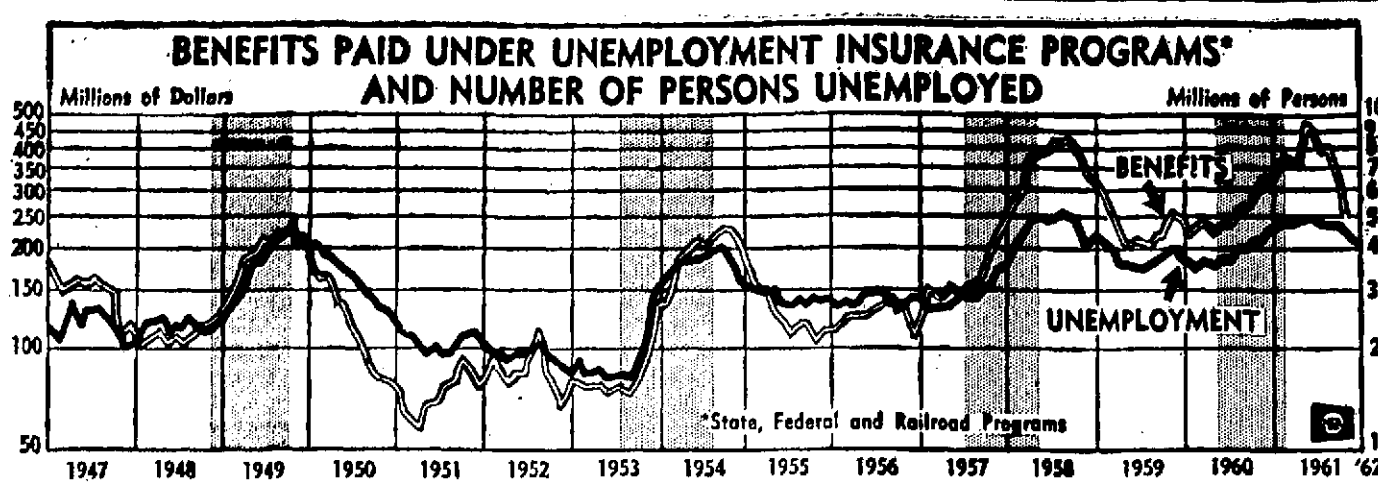

When Governor Faubus took office in January, 1955, a total of \$6,352,219.65 per year was spent by the state on the University of Arkansas and our seven state-supported colleges. Under Governor Faubus the University of Arkansas and our seven state-supported colleges now receive \$12,756,200 per year from the state, more than 100% increase.

Help Governor Faubus make it possible for every boy and girl in Arkansas to get a college education right here in Arkansas.

Vote for Governor Faubus on July 31, 1962.

Elect GOVERNOR ORVAL E. FAUBUS

Pol. Ad. Paid for by J. L. Bland

INSURING THE UNEMPLOYED—An important factor in American economic life is unemployment compensation, designed to cushion the effects of business recessions on both the individual and the community. Chart above, based on Labor Department data, traces the past 15-year history of state, federal and railroad unemployment insurance programs. Shaded bands indicate the four recessions which have occurred since 1946. The record

shows that in times of high unemployment, benefits paid contribute a definite addition to purchasing power and operate as an economic stabilizer, damping the effects of recessions. In boom or boomlet periods, unemployment funds, raised by taxes on employers, are able to recover. Benefits rose sharply in 1957 and 1960 because of special temporary compensation programs, plus higher payment levels, and fell rapidly during the second half of 1961.

EUROPE'S PARLIAMENT—Becoming one of the most important buildings in Europe is the Palace of Congresses in Brussels, Belgium. The city is the "provisional capital" of the European Common Market and the palace is where the Council of Ministers, representing the six member nations, meets regularly. Completed two years ago, the building also houses the council's secretariat. Brussels has provided several other buildings for varied bodies in the Market, including a school for 1,200 children of European officials.

Footballers Gather for All-Star

CHICAGO (AP)—A squad of 49 outstanding collegiate football players of 1961 reports to head coach Otto Graham at Northwestern University today to begin training for the All-Star game in Soldier Field Aug. 3.

The collegians have their jobs cut out for them. Their opponents will be the Green Bay Packers, who smashed the New York Giants 37-0 to win the 1961 National Football League championship.

The game will mark the Packers' fourth appearance in the series. They lost 6-0 in 1937, won 45-28 in 1940 and won 9-7 in 1945.

The pros hold an 18-8 edge in the rivalry and two games have been ties. The last All-Star triumph was in 1958 when Graham, in his second year as head coach, directed the collegians to a 35-19 decision over the Detroit Lions. Graham led the collegians to a 7-6 decision over the Detroit Lions.

It is estimated that only one automobile in every 10 is equipped with safety seat belts.

A short ton equals 2,000 pounds; a long ton is 2,240 pounds.

Biggest Tax Cut Since 1954 Ordered

By FRANK CORMIER

WASHINGTON (AP)—The biggest federal tax cut of any kind since 1954 went into effect today. Business gets the bulk of the \$1.5-billion reduction, designed to spur faster economic growth.

President Kennedy announced the cut Wednesday and noted that the principal pressure for it came from the business community. Many businessmen have been extremely critical of his policies in recent months.

Secretary of the Treasury Douglas Dillon told a news conference the tax cut—which also will benefit private people and farmers—should have a quick impact on the economy. He said many businesses have promised to use tax savings to increase their investments in the latest machinery and equipment. And he forecast an uptrend in orders for these items in the next couple of months.

The action, ordered by the Treasury which didn't need congressional approval, offers larger tax deductions to firms investing in newer, more efficient facilities. And larger deductions obviously will mean lower tax payments.

Initial reaction from business spokesmen and congressional leaders generally was favorable. The sweeping overhaul of the tax depreciation system—the first in at least two decades—was designed specifically to meet business complaints that the old system was stunting economic progress.

Kennedy ordered a speed-up in the depreciation studies a month ago because he was anxious to produce quick evidence of a willingness to help business and of a sympathy for business problems.

Had there been no steel price crisis in April and no stock market collapse in May, the announcement probably wouldn't have been ready until late this month or early in August.

Steel will be one of the principal beneficiaries of the liberalization. Railroads and paper producers also will receive substantial benefits.

The estimated first-year revenue loss of \$1.5 billion will be the largest since Congress revised the tax laws in 1954.

The depreciation overhaul probably means an end to any hope for a balanced budget in the 1963 business.

Field of 148 Tee Off for Detroit Open

DETROIT (AP)—Doug Ford and Bob Rosburg, who picked up pocket change in Wednesday's pro-am round, tee off with 148 other golf pros today for the big money in the Motor City Open.

It's the richest Motor City Open yet, with \$35,000 in prizes.

Ten amateurs starting include singer Don Cherry, five-time Michigan amateur champ Glenn Johnson, and the current state amateur king, Mike Andonian.

Mike Souchak, holder of the tournament's lowest winning score 69-63-67-69—269, is a favorite. His 63 in 1959 has been matched only once in Motor City play.

Ford and Rosburg fired twin 66's to split first and second prize money in the pro-am Wednesday, pocketing \$325 each.

Also competing is Bill Collins, winner of the Flint open last week.

Louisiana's Hebert brothers, Lionel and Jay, and the crowd-pleasing Chi Chi Rodriguez.

LITTLE ROCK (AP)—A committee formed to seek a larger share of defense manufacturing projects for Arkansas said Wednesday it had made two decisions.

One is that the state Chamber of Commerce and its affiliated Associated Industries of Arkansas will survey Arkansas manufacturers to determine their ability to sub-contract for the projects.

The other is to investigate the possibility of the Arkansas Industrial Development Commission assigning a full-time man to implement the project.

The committee was formed from representatives of over 40 Arkansas communities and based on an idea by William J. Bowen, president of the Little Rock Chamber.

Bowen has said that if Arkansas could get one per cent of the total amount spent annually for hard goods for defense it would mean \$225 million additional expenditure in the state.

Young Legion Team Loses to Gurdon

Wednesday night at Gurdon the host team by passed the Hope Junior American Legion in a five-inning overtime to win 5 to 4.

Hope's first run came with Jabo Horton, who got on by an error, batted in by a double from Dan Hatfield. Hope's other three were made in the 4th when Carl McMurtry walked and Gus Robey, who singled, came in on Mac Campbell's home run.

Gurdon was unable to score until the 7th when Karr came in on errors. Then with two men on, Homer Burnley hit a home run and the inning ended with a 4-4 tie. Gurdon's winning run came in the 12th with Karr. The 10 hits the locals managed came from Campbell, a home run, a double and two singles from Hatfield, Horton a double and a single, Wassell, two singles and one single each by George Jones and Robey.

Carl McMurtry, struck out 11, walked four and allowed only two hits, was relieved in the 7th inning by Ronnie Barksdale, who struck out six, walked three and yielded six hits.

The winning pitcher was Burnley, who struck out 13, walked three and yielded four hits. He relieved Karr, who struck out one, walked three and gave up six hits, in the 4th.

Friday night Hope journeys to Arkadelphia to play at 8 p.m. Saturday afternoon Hope plays a twin bill against Fort Smith there and another game Sunday afternoon.

Pitchers Are Riding Peak Year 1962

By BEN OLAN
Associated Press Sports Writer

NEW YORK (AP)—Eleven big league pitchers, led by Don Drysdale of the Los Angeles Dodgers, are moving toward the 20-game victory mark. Nine are more than halfway home.

The final total is likely to be the highest since 1951 when 13 pitchers won 20 or more games. The major league record for 20-game winners is 17 set in 1903 and equaled in 1920.

Drysdale needs only five more victories to reach his goal. His record is 15-4. Bob Purkey of Cincinnati is next in line with 14 victories, followed by Sandy Koufax of the Dodgers, 13, and Juan Marchal of San Francisco, Dick Donovan of Cleveland and Camilo Pascual of Minnesota, 12 each.

Joey Jay of Cincinnati, Art Mahaffey of Philadelphia and Ralph Terry of the New York Yankees have 11 victories apiece while Billy O'Dell of San Francisco and Bob Gibson of St. Louis have 10. Jay, a 21 game winner in 1961, looms as the only repeater.

Milwaukee's Warren Spahn, 12 times a 20-game winner, shows only eight triumphs. However, the veteran southpaw usually comes on strong in the second half of the campaign.

Whitey Ford of the Yankees and Frank Lary of Detroit, the only others who hit the 20-victory mark last season, have been plagued by sore arms. Ford has won seven games and Lary only a pair.

Griffith in First Since Fatal Bout

By BOB MYERS
Associated Press Sports Writer

LAS VEGAS, Nev. (AP)—No one, including possibly the young man himself, really knows what goes on in the mind of Emile Griffith as he points to the defense of his welterweight title Friday night.

The 23-year-old New Yorker, a native of the Virgin Islands, faces veteran Ralph Dupas of New Orleans in a bout billed for 15 rounds.

It will be Griffith's first fight since his tragic victory over Benny Paret in New York last March 24 and Paret's death 10 days later.

Griffith, a sensitive, friendly and childlike kid out of the ring, was deeply disturbed over the outcome of the match. The memory is still never far from his thoughts.

Against Dupas, he will revert to his role as a professional boxer, the champion? Will he try for a knockout—his 12th in 33 fights?

Or will he restrain himself, his mind harking back to the Paret nightmare?

Emile refuses to discuss the case any further. He has many times expressed sorrow and regret.

American League

Batting (based on 200 or more at bats)—Runnels, Boston, .340; Jimenez, Kansas City, .339.

Runs — Green, Minnesota, 61; Pearson and Wagner, Los Angeles, and Siebern, Kansas City, 60.

Runs batted in—Robinson, Chicago, and Wagner, Los Angeles, 65.

Hits — Rollins, Minnesota, 108; Siebern, Kansas City, 103.

Doubles—Robinson, Chicago, 27; Cunningham, Chicago, and Rodgers, Los Angeles, 25.

Triples — Fox and Robinson, Chicago, and Cimoli, Kansas City, 7.

Home runs—Wagner, Los Angeles, 25; Cash, Detroit, 23.

Stolen bases—Wood, Detroit, 21; Howser, Kansas City, 10.

Pitching (based on seven or more decisions) — Foylack, Detroit, 7-1; Donovan, Cleveland, 12-3.

Strikeouts — Pascual, Minnesota, 110; Estrada, Baltimore, and Bunning, Detroit, 95.

National League

Batting (based on 200 or more at bats)—T. Davis, Los Angeles, .353; Clemente, Pittsburgh, .342.

Runs—Wills, Los Angeles, 75; Mays, San Francisco, 71.

Runs batted in—T. Davis, Los Angeles, 90; Mays, San Francisco, 80.

Hits — T. Davis, Los Angeles, 126; Groat, Pittsburgh, 115.

Doubles—Robinson, Cincinnati, 32; Mays, San Francisco, 22.

Triples—Ranew, Houston, and T. Davis, Los Angeles, 8.

Home runs—Mays, San Francisco, 25; Banks, Chicago, 22.

Stolen bases—Wills, Los Angeles, 46; T. Davis, Los Angeles, 18.

Pitching (based on seven or more decisions) — Purkey, Cincinnati, 14-2; Pierce, San Francisco, 8-2.

Strikeouts — Koufax, Los Angeles, 203; Drysdale, Los Angeles, 122.

Major League Stars

PITCHING — Art Mahaffey, Phillies, limited Houston to five hits, bringing his record to 11-9 with 10th complete game as Philadelphia whipped Colts for eighth straight time, 6-1.

BATTING — Roy Sievers, Phillies, hit three-run homer in first inning and added run-producing double in 6-1 triumph over Houston.

Spelled without a hyphen, the word teenage means brushwood used for fences and hedges.

TELEPHONE TALK

Fred D. Gray, Wire Chief, Hope, Arkansas

Four Employees Honored

A few nights ago, four Plant Department employees were honored with a dinner at the Barlow Hotel Dining Room in observance of their fifteenth service anniversary.

Receiving service emblems for fifteen years were: Thomas Penwick, Robert Mitchell, A. W. McIver of Hope and Joe Floyd of Nashville. There was twenty-five persons present for the dinner.

Help!

Writing a newspaper column has its advantages and its disadvantages. On the good side, it gives me a chance to discuss a variety of telephone topics and pass on news and views concerning my company, Southwestern Bell — Arkansas.

On the bad side, I sometimes come up "bone dry" and can't beg or borrow an idea to write about. And that's where you come in.

If you have a question you'd like answered, or a subject you'd like discussed, just drop me a line in care of this paper. Only one restriction — please keep the subject on telephones and communications. I'm no good at giving personal, legal or medical advice. And if you come up with a question I can't answer, I'll find someone who can.

Time Well Spent

During his entire lifetime, how many hours would you guess the average person spends telephoning?

Well, the answer might seem impossible (to anyone but a teenager) but the average is 8,760 hours! (And while this is a lot of time, just think how many hours you save by telephoning instead of having to deliver your messages personally.)

Anyway, it strikes me that as long as you're going to spend a year of your life on the phone, you may as well do it conveniently, with personal extension phones wherever you work, sleep or play.

We have phones in a rainbow of colors. Just call the Telephone Business Office (PR 7-4601), or ask any telephone service man.

Call by number. It's twice as fast.

SOUTHWESTERN BELL-ARKANSAS

Union Sued by Struck Factory

PARAGOULD, Ark. (AP)—The International Union of Electrical, Radio and Machine Workers Union (AF-CIO) was sued Tuesday by Emerson Electric Co., which has been picketed by the union since June 20.

The firm filed suit in Greene County Chancery Court, charging the union and some of its members with various acts of violence against its employees. The suit also charged intimidation and coercion and the hindrance of access to the plant.

It said pickets spread tacks and other objects near the plant entrance, that intimidating and insulting phone calls were made to non-striking employees and those hired to take jobs of strikers.

The suit charged that strikers had damaged automobiles and other personal property and threatened employees with physical violence.

Union officials had no comment. Violence erupted during the second week of the strike, when cars were splashed with paint, tacks were spread in plant driveways and two cars were hit by rifle shots. No one was hurt.

Sunday night an empty car and a pickup truck were struck by blasts from a .12 gauge shotgun. The car belonged to the husband of an Emerson employee; the pickup to an employee.

Negotiations for a new contract broke down in mid-June and periodic attempts made since then for settlement of the strike have been for the most part fruitless.

After the last meeting Saturday the union said the only remaining area of dispute was union dues checkoff. But Emerson officials said that re-employment of strikers was a major point yet to be settled.

Negotiations were scheduled to resume this week, but no definite time or place of meeting has been announced.

Named defendants in the suit were Ben Juley and Joe Thornton, IEU field representatives; Mrs. Ruth Stack, IEU public relations worker; officers of Local 77 and 30 members of the union.

El Dorado Boy Drowning Victim

EL DORADO, Ark. (AP)—Ivan Yoder, 19, drowned in the Ouachita River near El Dorado Tuesday.

Authorities said Yoder, Lloyd Swartzendruber Jr., 13 and James Martin, 22, all of El Dorado, were picnicking on the bank of the river and saw a barge coming upstream. They rowed out in a boat to watch the barge enter a lock. The boat capsized in the backwash of the barge, authorities said.

Swartzendruber and Martin managed to cling to the side of the overturned boat and were rescued.

The accident occurred about nine miles south of Cañon, near El Dorado. Yoder's body was recovered in about 10 feet of water.

There are more than 100 separate and distinct varieties of steel in a modern automobile.

REDISCOVERED—Some might think about spelling Elaine Dunn's first name with an exclamation point instead of an "I." Rediscovered again, Elaine will appear in the film version of the musical "Bye Bye Birdie."

ONE-HANDED—Labor Secretary Arthur Goldberg takes a turn on the exercise cycle in the Labor Department's physical fitness room.

Fast Begun by Negroes in Georgia

ALBANY, Ga. (AP)—Two Negro leaders jailed in racial unrest and facing hard labor on the city streets began a 24-hour fast today.

Dr. Martin Luther King Jr. and the Rev. Ralph Abernathy, integration leaders, said they would neither eat nor drink during the first day of their imprisonment "in order to purify our own spirits" for the jail terms.

The two were convicted Tuesday of violating an ordinance forbidding parading without a permit. The convictions, carrying fines of \$178 or 45-day jail terms, stemmed from a series of demonstrations against segregation last December.

Negroes were called to a mass meeting at Shiloh Baptist Church today to protest the jailing of King and Abernathy. There were reports that Negroes

would stage a mass march on City Hall to protest the jailing of King and Abernathy. But the Rev. Wyatt T. Walker, assistant to King, said he could not divulge the decision reached by the Negro strategy committee.

King is president and Abernathy is treasurer of the Southern Christian Leadership Conference.

In Washington, Atty. Gen. Robert F. Kennedy declined to say whether he had been in touch with Georgia state or local officials in connection with King's case.

"We are looking into the matter and are following it with great interest," he said.

Police Chief Laurie Pritchett said King and Abernathy would be treated "just like any other prisoners, they will either work on the city streets or be put to work cleaning up the jail."

Pritchett mobilized his entire force and said he would jail any demonstrators.

John Tyler, 10th U. S. president, was married twice and had 15 children.

Bids Asked on 8 State Road Jobs

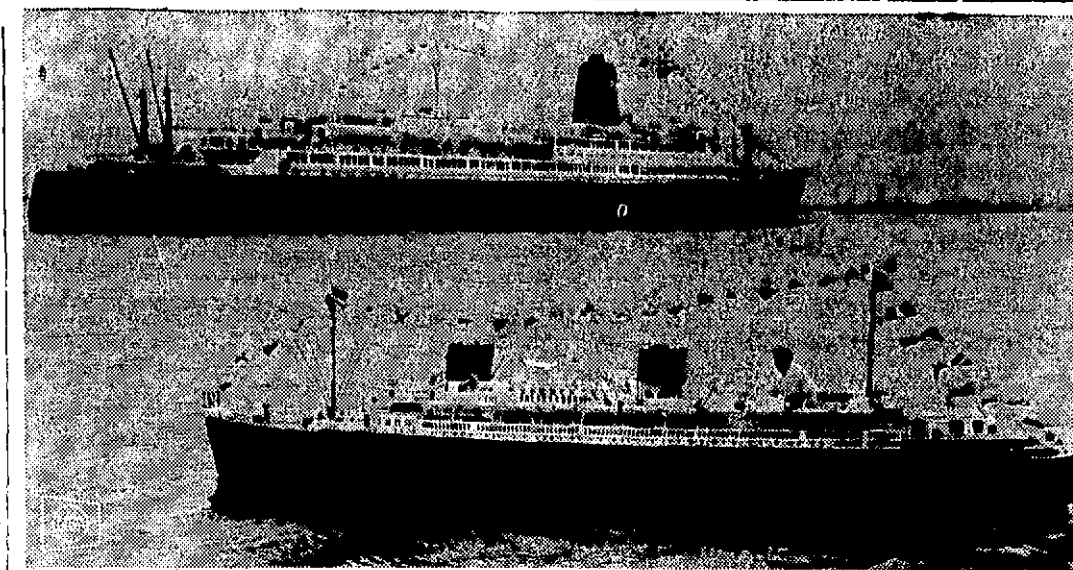

LITTLE ROCK (AP)—The state Highway Department advertised for bids today on eight road and bridge jobs costing an estimated \$6.75 million.

The largest are three road jobs in Miller, Boone and Johnson and Pope counties.

Bids will be opened at 10 a.m. August 2 in Little Rock.

The jobs included 11.1 miles of grading and minor drainage structures and nine bridges on Interstate Highway 30 north of Texarkana in Miller County. Another large job is six miles of grading and minor drainage structures and seven bridges on state Highway 40 in Johnson and Pope counties.

The other large job calls for 4.6 miles of grading, minor drainage structures and two bridges on

ILLUSION AT SEA—At first glance two ocean liners appear to be passing each other near Bremerhaven, Germany. But a closer look will reveal that the ship in the foreground is only a 40-foot-long model of the old liner "Bremen," destroyed by fire in 1941.

state Highway 65 in Boone County.

Other jobs, by counties:

Benton County: 1,515 feet of bridge superstructure on state Highway 12, at the new White River

crossing south of the present bridge six miles east of Rogers.

Cross County: .9 mile of grading, minor drainage structures on state Highway 4.

Drew and Cleveland counties: 2 miles of grading and minor drainage structures on state Highway 106.

Union County: .8 mile of additional frontage roads on state Highway 167, the El Dorado bypass road.

Independence County: 4.4 miles of grading and minor drainage

U. S. Could Use State's Fiscal Law

LITTLE ROCK (AP)—The federal government might be able to balance its budget and avoid deficit spending by adopting a law similar to Arkansas' Revenue Stabilization Act, the state Chamber of Commerce said.

In a telegram to Sen. Harry F. Byrd, D-Va., the chamber approved a proposed tax cut. Byrd had asked for comments on the proposed cut.

The chamber said the entire federal tax structure should be overhauled with special emphasis on reduction of corporate and higher bracket individual taxes. But the chamber said it was not in favor of a tax cut if it meant more deficit spending.

Raspberry Sparkle Shortcake

Basic requirement for warm-weather desserts is that they be cool, quick and refreshingly delicious. And how easy to do — by just combining tender quick breads and plump fresh in-season fruits.

As a glittering example, here is Raspberry Sparkle Shortcake, so-named for its sugar-frosted shortcake scones and glistening fresh berries. The scones have flavor sparkle too from grated orange rind sprinkled on top.

The tender scones, kin to the basic biscuit, are prepared as biscuits but with beaten egg and sugar added for richness. What's more, they're so quick to prepare, thanks to self-rising flour with its carefully pre-blended ingredients of leavening and salt. "Already-quick" desserts become quicker with self-rising flour and go even further — to supply an extra bonus of good nutrition. Added to all self-rising products are the important nutrients — niacin, thiamine, riboflavin, iron and calcium. Makes baking with self-rising flour and corn meal — doubly rewarding!

RASPBERRY SPARKLE SHORTCAKE

2 cups sifted enriched self-rising flour 1/4 cup sugar
2 tablespoons sugar 1 tablespoon grated orange rind
1 cup shortening 1 quart sweetened fresh raspberries
1 egg, beaten Whipping cream, if desired
1/2

A SHIP WITH WINGS—The first American-designed hydrofoil ship rests on Oyster Bay, Long Island, following its launching. A joint project of the Grumman Aircraft Engineering Corp. and the Maritime Commission, the 90-ton HS (Hydrofoil Ship) Denison will be the first operational, ocean-going vessel of this type in the world. The two main foils, weighing 5½ tons each, are in retracted position, as is a foil in the stern. The ship will "fly" in a manner similar to an airplane. At a speed of about 26

knots, the underwater wings will lift the hull of the ship about five feet out of the water, resulting in a smooth, frictionless ride. The ship will be capable of speeds up to 60 knots. After a thorough test program by Grumman, it will be turned over to the Maritime Commission, which plans to charter the 104-foot-long ship to Grace Lines. The Denison will be employed in actual passenger operation in 1963 on a tourist route between Port Everglades, Fla., and the Bahamas, carrying about 60 passengers.

Honor Plan Only Guide to Primary

NEWPORT, Ark. (AP)—The strength of the state Democratic Central Committee's resolution to keep all but party members out of the July 31 primary depends on the honor system.

That was the word Tuesday of Fred Pickens of Newport, the man who drew up the controversial resolution.

The resolution states that a voter will not be eligible for the Democratic primary if he voted anything besides a straight Democratic ticket in the last general election.

But there is no record to prove just how a person voted.

Pickens said a voter may be challenged at the polling place and asked under oath if he voted for any non-Democrat in the last election. Election officials will have to accept his answer and allow him to vote unless he says he voted for a Republican or independent.

The resolution has drawn sharp criticism since it was passed last week. Gov. Orval E. Faubus said he didn't think the state Democratic party ought to be a closed corporation and that so long as the Republican party remained weak in Arkansas, many voters would have only the general elections in which to exercise their franchise.

A committee member said the move was designed to help Faubus. Faubus said it was designed to help Sen. J. William Fulbright and Winston Chandler, his opponent, concurred.

Faubus also said he thought most county organizations would ignore the rule. Pickens said the Democrats - only regulation has been on the committee books for years, but no attempt has been made to enforce it.

Pickens said there is no overall

State Opposes Retrial Order

LITTLE ROCK (AP)—The state Attorney General moved Tuesday to reverse an order granting a new trial for Clarence Stewart Jr., a Negro convicted of the murder of a white man in 1959.

Atty. General Frank Holt filed a notice of appeal with the federal district court at Little Rock. The appeal will be heard before the Eighth U.S. Circuit Court of Appeals.

Stewart was convicted and sentenced to die for the fatal stabbing of William N. Caldwell, Rose City, Jan. 8, 1959. His conviction was upheld by the state Supreme Court but overturned by the federal district court on the grounds of discrimination in the selection of his jury.

U. S. Flyer Wounded in S. Viet Nam

SAIGON, South Viet Nam (AP)—An American crewman was struck by a Communist bullet Tuesday night while his U.S. Air Force C-123 was flying at about 3,000 feet on a night training exercise for South Vietnamese personnel.

U.S. authorities said the airman, whose name was withheld, was not seriously injured.

The shot, apparently fired from the ground, was the only one to hit the plane.

Meanwhile, a South Vietnamese military source said government forces in a large operation near the southern tip of Viet Nam killed 19 Red guerrillas Tuesday.

right to vote in a party primary, only in the general elections.

He estimated that were the rule strictly enforceable, it would cut the primary vote in half.

American Is on Trial in E. Berlin

By JOHN FIEHN

BERLIN (AP)—Robert Mann, an American university student, went on trial behind closed doors in Communist-ruled East Berlin today.

Mann, 19, is charged with violating an East German law which carries a penalty of from one to 15 years' hard labor for anyone "luring" people from the Red-ruled state to the West.

Pale but composed, Mann appeared in court with Uwe Sturberg, 25, an East Berliner. Sturberg's role in the trial was not made known.

After Mann and Sturberg had given their identifications, the judges announced that "for state security reasons, the public is excluded from the trial."

The student's father, Charles Mann of Sepulveda, Calif., Frank Meehan, a U.S. mission official from West Berlin and three Western reporters filed out of the courtroom.

Wearing a dark tweed jacket and slacks, Robert Mann answered the judge's questions on his identity clearly but somewhat nervously. His face showed the pangs of almost six months of confinement. He was arrested in East Berlin last Jan. 22.

Mann had been studying at Boutelbach near Stuttgart, where Stanford University of Palo Alto, Calif., has its "Stanford in Germany" program.

Since Mann's arrest, no one from the West has been permitted to see him. Vogel has told a U.S. State Department official Mann is in good health and spirits.

The elder Mann is an instructor in health education and a coach at Los Angeles Valley College, a junior college.

Telstar Is Acclaimed by Europe

By EDDY GILMORE

LONDON (AP)—Europe joined the United States today in cheering the arrival of space-age television.

"A clear triumph for America," headlined London's Daily Herald. This seemed to sum up what people said on buses, trains and in the subways as they went to work this morning.

"It was a total success," commented the French newspaper L'Aurore.

While applauding the event, the Times said it was not the first direct reception of television from the United States.

The Times said the first reception was by Douglas Walters (call sign G5CV) in London on Sept. 17, 1930.

Walters received a television picture at his London home. He said he telegraphed first details of what he had seen to New York and received a cable from the General Electric Co. of Schenectady confirming his reception.

He said he learned that the pictures he received was the last of three so-called secret transmissions from New York to a receiving station operated by the German government.

Walters said no picture was seen in Germany - despite the use of elaborate aerials.

His reception was at the time widely reported by the British press.

At breakfast this morning thousands of Britons watched strikingly improved pictures from the satellite.

These were from Telstar's seventh orbit.

It is estimated that more than 700 million people of the world are habitual rice eaters.

Newspaper Issue Still in Courts

MORRILTON, Ark. (AP)—

Conway County Sheriff Marlin Hawkins petitioned circuit court Tuesday to determine what should be done with \$11,329 paid to purchase a judgment against the publisher of the Morrilton Democrat.

The newspaper was to be sold at auction to satisfy a judgment of Rex Paul of Greenville, Miss., but the judgment was purchased by a stranger, Dr. Stanley Gutowski of Perryville. Gutowski claimed sale of the paper would have met it under "boss rule" in the county.

Shortly after the sale was advertised, Internal Revenue Service agents filed a motion of levy against Gene Wirges, publisher of the Democrat for over \$7,000 in claimed taxes owed in back taxes.

The IRS said part of the judgment money should be used to pay the taxes. Hawkins, who was to have conducted the sale, said he deposited Gutowski's check in a trust fund to await outcome of possible litigation. The check was made out to Paul and both Gutowski and Wirges have questioned its receipt by Hawkins.

Green ink used on currency of the United States is manufactured according to a secret formula.

Williams' New Play in Italy

SPOLETO, Italy (AP)—American playwright Tennessee Williams' newest offering, "The Milk Train Doesn't Stop Here Anymore," had its world premier Tuesday night at Spoleto's Two Worlds Festival.

The audience, mostly Americans, gave the play a cordial reception, with waves of applause at the intermissions and final curtain.

Broadside Is War of 1812 Game

THE 150TH ANNIVERSARY of the War of 1812 is commemorated by an exciting new game, "Broadside," which bases competition on replays of the celebrated naval battles, that determined its course. This historically oriented game by Milton Bradley is accompanied by a booklet on the War of 1812 by American Heritage editors. Playing pieces are ships, and guns must hit broadside to score in approved naval fashion. This is one of many new games with great educational value. "Battlecry," for example, bases competition on replaying the Civil War. "Stratego" is a fascinating new game of strategy that derived inspiration from Napoleon's time—playing pieces are field marshals. "Go to the Head of the Class" is a classic game favorite with questions keyed to three different age levels. "Summit" is a game of global strategy that gives players an understanding of all phases of the cold war.

SHORTY

A 2-Minute Story
© 1962 by NEA, Inc.

THE ENEMY
By PAT WERNER

Somehow, Will had gotten himself lost among the trees. The Americans had taken the area and he and two other soldiers had been sent to search the woods for German stragglers.

Will stopped, took off his helmet, and ran a hand through his thick blond hair. He leaned his tall, young body against a tree and looked up at the sky. It would be dark in an hour.

He wondered where the other guys were. Riley had been within a few yards of him until maybe 10 minutes ago. Then he'd spotted a pheasant in the brush and that was the last Will had seen of him.

From what the lieutenant had told them, Will guessed that, even if he were in the middle of the forest, he should be able to walk to its edge in half an hour.

He started walking, grumbling to himself. Stinkin' war. So much of it seemed so stupid—like this searching the woods business. But they'd had trouble last week with snipers picking off the advance guys from behind all these trees. It was still stupid! All the Krauts had pulled out days ago. But orders were orders, so here he was, plodding alone, tired and scared, somewhere in Germany, when he longed to be back in Ohio.

He'd hated the whole idea of the war from the start. He wasn't mad at anybody, so why should he go around shooting guys that probably weren't mad at him! All those guys getting killed, forced into an early grave by world politics, forced into the dirty end of a fight that they, the little ordinary guys, didn't start and didn't want. It sure was stupid!

He decided to rest and sat down on a rock. Germany was a pretty country. A lot like home. That was another thing—the way they were wrecking everything—no sense to that part of it, either.

Will wondered if he felt this way because his parents had come from Germany. What would they think if they could see their old country now? Armies had tramped over it, scarring the countryside.

Of course, his parents were American citizens now, and proud of it, but still, this was their homeland.

It made Will feel kind of funny when he thought about it. They'd come from this very section of Germany, too. Will had a lot of relatives here. Before the war, he had corresponded with some of them. In fact, one was a cousin of his who bore the same name, only in German. He wondered what had happened to them, how many of them had been killed, scattered, or captured.

He had just gotten to his feet when he heard a voice behind him.

"Steh auf! Langsam!"

He raised his hands and stood up, slowly. The German came around in front of him and as he did so, Will suddenly stuck his foot out and tripped the soldier, taking him by surprise.

They wrestled on the ground, rolling over and over through the leaves and twigs and rocks.

They were evenly matched, being of about the same height, weight and age. The struggle might have gone on for a long time if the German had not accidentally hit his head on rock.

The German flopped over lay still. Will knelt beside him, breathing hard. The German wasn't dead, just knocked out. The fellow looked thin. Just a hungry kid with yellow hair, thought Will.

Will disarmed the unconscious enemy, then looked through his pockets.

When he found his identifica-

Borers Real Threat to Corn Crop

Every home gardener likes worm free corn, but unless corn earworms are controlled, they are found in the tips of almost every ear. "Corn is somewhat later than usual and corn earworm infestations are likely to be heavier. However, clean corn can be obtained by carefully timed insecticides," advises County Agent Calvin Caldwell.

DDT and Sevin are effective insecticides which can be used on corn. They give good control when applied in concentration to the silks of corn. Dust or spray may be used as long as the silks are properly covered. The materials should be used at the rate of three pounds actual insecticide per acre in a dilute spray. Dust should contain five to 10 per cent DDT or Sevin. Dust may be applied with a hand duster or a brush such as a stencil or shaving brush.

Insecticide application should be made every other day from the time silks begin to show until they have wilted or are full grown. This protects the tips of the ear from the tiny worm which hatches from eggs laid on the silks. If an application is skipped, worms will have a chance to enter the ear, Mr. Caldwell cautions.

Workshop on Honeybees Is Set July 14

"Busy" honeybees, among the most productive insects helping the farmer, will be the subject of a workshop for Arkansas beekeepers and prospective beekeepers at the U of A in Fayetteville, July 14, reports County Agent Calvin Caldwell.

"Many of our crop yields may be improved when honeybees are used to pollinate them. In some sections, crops in the cucurbit family depend on honeybee pollination to set a crop," he adds.

Honeybees also furnish honey and wax products unavailable from any other source. Honey is used in a wide range of foods and pastries and the wax has many important uses. "Everyone knows the value of honey as a spread, but did you ever think of the uses in medicines and bakery products?" Mr. Caldwell said.

Information on various management practices, marketing honey, uses of honey, and participating in a picnic lunch, is in store for those who attend the Fayetteville workshop.

The meeting will be held in the Agricultural Park from 9 a.m. to 3 p.m.

Printer for Half a Century Dies

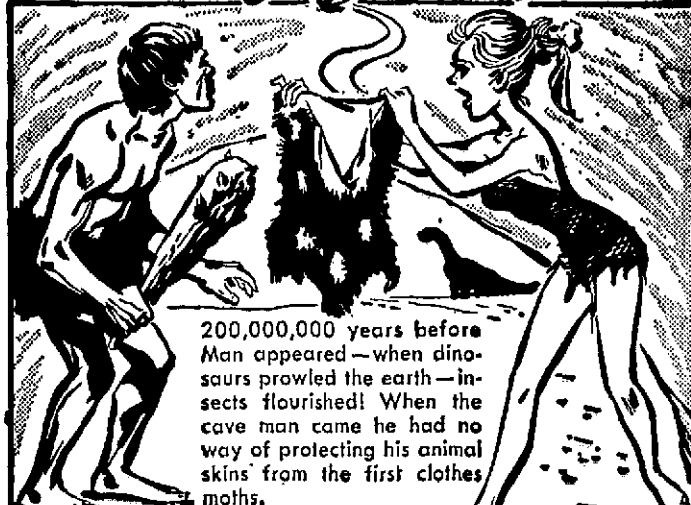

LITTLE ROCK (AP) — Elmer Upchurch Grant, 88, a Little Rock printer for over 50 years, died Tuesday.

Grant served for 46 years as secretary-treasurer of the Little Rock Typographical Union. He was former president of the Arkansas State Federation of Labor.

He first learned how to set type at age 10 when he worked with his brother, who published a newspaper in Howard County. In 1889, Grant went to work with the Arkansas Democrat, where he learned the then new Linotype keyboard machine as a process of setting type.

He joined the staff of the Arkansas Gazette in 1900 and remained with it for 52 years.

War Against the Moth

200,000,000 years before Man appeared—when dinosaurs prowled the earth—insects flourished! When the cave man came he had no way of protecting his animal skins from the first clothes moths.

In 1500 B. C., an Ancient Egyptian recorded on papyrus man's first formulas for insecticides. But poisons against moths were ineffective—in centuries when many garments went a lifetime without being cleaned!

Our clothes are cleaned and protected in ways early man would think magical! Moths, eggs and larvae are killed with Di-chloricide moth products which come in crystal, nugget, spray or cake form.

Peace Plan Fails for Algerians

By ANDREW BOROWIEC

ALGIERS (AP)—The struggle for leadership of the fledgling Algerian nation headed today for a showdown. Talks to heal the leadership split broke down in Morocco and dissident deputy Premier Ahmed Ben Bella planned an immediate triumphant return to Algeria.

Reconciliation talks between Ben Bella and representatives of Premier Ben Youssef ben Khedda's moderate regime were broken off early today in Rabat, the Moroccan capital. No new sessions were scheduled.

Ben Khedda's representatives, State Minister Rabah Bitat and Information Minister Mohammed Yazid, said the talks merely were interrupted, but they planned an immediate return to Algiers via Paris.

Ben Bella was described as holding to a hard line against Ben Khedda's reconciliation overtures. He was pictured as confident of the backing of the national liberation army in any showdown with the Algiers regime.

Ben Bella arranged to leave Rabat for the Algerian frontier on his way to Tlemcen, in western Algeria, camp site of the heavily armed troops faithful to him.

Western Algeria prepared a hero's welcome for the radical leftist's return to Algeria for the first time since the North African territory became independent of France eight days ago.

Ben Bella supporters control virtually all of western and eastern Algeria, principally through the 45,000-man national liberation army returning from exile in Tunisia and Morocco.

Ben Khedda's control is limited largely to the Algiers area. Of the six guerrilla zones in Algeria, only one is avowedly supporting Ben Khedda.

P. O. Supervisors Meet at Camden

CAMDEN, Ark. (AP)—The Arkansas branch of the National Association of Postal Supervisors will meet Thursday, Friday and Saturday in Camden.

About 75 persons are expected. The Auxiliary of the association also will meet.

Guests scheduled to attend include Rehs, Catherine D. Norrel and Oren E. Harris, Robert W. Heitner, regional vice president of the Association, and Donald N. Ledbetter, secretary of the National association.

Invention of champagne is credited to Dom Perignon, a 17th century French Monk.

THE OLD DAYS [2]

Auctions of land, of farms, of scarce building materials; all played a vital part in an expanding nation at the turn of the century. Shown at left is an auction of lumber at Anadarko, Oklahoma Territory, in 1901. At right, two lads knee-deep in prairie grass and wonder, watch

Auctions and "Automation"

an early example of farm "automation" in action—a steam plow and roller returning from breaking virgin sod in North Dakota, 1908. This was a major improvement over following a team. (Photos from Agriculture Department's centennial booklet, "Way Back When.")

War Threat Over Berlin Rising—Mr. K

MOSCOW (AP)—Premier Khrushchev declared today that the war threat over Berlin has become "ever more ominous" and proposed that Western troops there be replaced with a garrison of Norwegian-Danish or Belgian-Dutch troops plus Czech and Polish forces.

The proposal was made after he had claimed much more powerful weapons than those of the United States, said the Soviet Union has.

The proposal was made after he developed an antimissile missile and declared Western "aggressors" would perish in a nuclear war.

Khrushchev denounced the current series of American nuclear tests as a "challenge to mankind" and said further improvement of weapons by the Communist countries was now an "unavoidable necessity."

He spoke on the second day of a World Peace Congress in the Kremlin. About 2,000 delegates from 118 countries are attending.

It was the first time the Russians have proposed posting forces of the smaller European Communist and Western powers in West Berlin in place of the American, British and French garrisons.

The new plan obviously was an effort to get the big powers out of the way in Berlin and leave the Communists a freer hand.

Proposing the substitution of troops, Khrushchev said: "If they don't agree to Norwegians and Danes, then let it be Belgians and Dutch."

Khrushchev said "the hotbed of war danger in the heart of Europe is becoming ever more ominous" in Berlin.

West Germany and its armed forces, he charged, "are already becoming the backbone of the aggressive forces of NATO."

His statement on U.S. tests in the Pacific and the high-altitude hydrogen explosion Monday, was unexpectedly mild. Two speakers at the congress, a Chicago professor and a British Churchman, had charged the Soviet Union with part of the responsibility for resumption of tests by breaking a three-year moratorium.

Khrushchev said the major series of tests of the United States were "a challenge to mankind." High-altitude tests, he said, were "disregarding the fact that these experiments may have very dangerous consequences for the conditions of man's life."

The world was in the shadow of catastrophe, Khrushchev said, because of the weight of armament and unless a disarmament plan is agreed upon "the atoms will start speaking for themselves."

American claims that the military balance of power has tipped in favor of the United States, he declared, were nonsense, and were being made only "to put heart into their own armed forces and those of their allies."

Although the "United States ranks first for its scale of war preparation," he said, there was no reason to think "the balance of strength has changed in their favor."

"If the aggressors start a nuclear war," he went on, "they will inevitably perish themselves in its flames."

His claim that the Soviet Union had developed an antimissile missile were in these words:

State Gains in School-Age Kids

LITTLE ROCK (AP)—Arkansas has gained 12,836 educable children in the past two years, according to the 1962 school census.

Education Commissioner Arch W. Ford said the count of the school population from age -17 showed 448,131. This, he said, compares with a 1960 total of 435,532.

He said there are 331,552 white children, up 8,494 from the 1960 count and 117,048 Negro children an increase of 4,189.

Military Closing 80 Installations

WASHINGTON (AP)—The Defense Department is closing 80 military installations in 29 states and Canada because they are no longer deemed necessary.

Facilities involved originally cost the government \$273.8 million, the department said Tuesday. By closing the bases and selling them as surplus, the government is expected to save \$5,410,000 a year in maintenance expenses.

File Charges in Slaying at Jonesboro

JONESBORO, Ark. (AP)—Deputy Pros. Atty. Harold Pearson said today charges of voluntary manslaughter will be filed against Houston Vetelo, 42, in connection with the death of John F. Johnson of Jonesboro.

Pearson said a preliminary autopsy finding showed Johnson died of a result of a perforated intestine with the perforation caused by a blow.

Vetelo, city dogcatcher, said in a written statement Monday he and Johnson came to Jonesboro Friday night.

"He was getting to close to me and I kicked him," Vetelo wrote. Johnson went to a doctor's office Friday night, was treated and released. He was taken to a Jonesboro hospital Saturday and underwent surgery. Doctors found his intestine ruptured in the colon region. He died Sunday.

Identity Settled by 'Phone Call

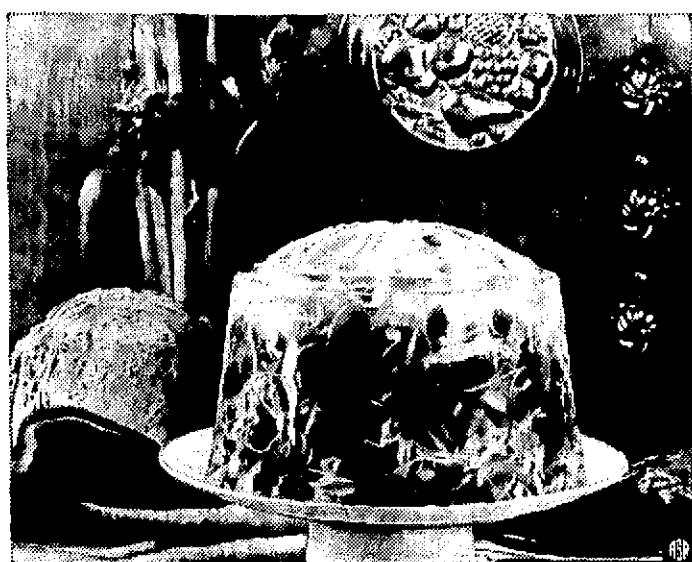

LOS ANGELES (AP)—After phoning several dog pounds in search of her lost pet Tuesday, Donna Hurley found one that answered the description.

"Just put him on the phone," Mrs. Hurley said to the startled attendant.

A few words from the woman the kennelman recounted later, and "the dog went crazy. He jumped around and yelped. He's her dog, all right."

It is estimated that Americans open an average of 60 billion "tin" cans of food every 24 hours.

Diet Note: The Loser Wins!

In fighting the battle of the bulge, the winner is the dieter who loses—pounds. And unflavored gelatin is a mighty weapon in the hands of the weight-watcher.

An envelope of unflavored gelatin dissolved in fruit juice, vegetable juice, or bouillon provides an excellent low-calorie, high-protein snack. Unflavored gelatin is an all-protein food, and the envelope amount contains only 28 calories. (The unflavored-gelatin drink has another advantage—taken over a three-month period, it can help strengthen cracked and brittle fingernails.) As every dieter knows, unflavored gelatin goes into a variety of superb low-calorie dishes. Perfection Salad, for instance, is so delicious that it has become an American classic.

Perfection Salad
1 envelope unflavored gelatin
3/4 cup sugar
1/4 teaspoon salt
1 1/2 cups cold water, divided
3/4 cup vinegar
3/4 cup finely shredded cabbage
1 cup diced celery
3/4 cup diced green pepper
Mix together gelatin, sugar and salt in a saucepan. Stir in 1/2 cup of the cold water. Place over medium heat, stirring constantly, until gelatin and sugar are dissolved. Remove from heat, stir in remaining 3/4 cup water and vinegar. Chill until mixture is the consistency of unbeaten egg white. Fold in cabbage, celery and green pepper. Turn into a 6-cup mold or individual molds. Chill until firm. If desired, unmold on salad greens.
Yield: 6 servings, 44 calories per serving.

Fulbright Is Accused of Vote Limit

LITTLE ROCK (AP)—A move to limit the Democratic primary to faithful Democrats was engineered by Sen. J. William Fulbright, Winston G. Chandler charged Monday.

The Little Rock trucking firm owner said Fulbright maneuvered the Democratic State Committee action in an attempt to kill Chandler's support among independent voters in northwest Arkansas.

Chandler said he had picked the two political unknowns because they hadn't as yet formed a political image or political enemies and knew a great many people around the state.

Craft, 33, of Bono, said he had known Chandler for about three months and had had no experience in statewide politics. Watson, of Jonesboro, said he had known Chandler for about a month and had had some experience in politics, "but not above the municipal level."

Craft said he had business interests in Bono and Jonesboro, including a liquefied petroleum gas company, and a real estate and insurance firm. Watson said he was a retired cotton farmer.

Chandler accused Fulbright of trying to campaign from Washington, "so he won't have to get out in the hot sun and shake hands with the people."

He said he didn't think Gov. Orval Faubus could have been behind the state committee's action because he thought Faubus would benefit as much as himself from allowing independents and Republicans to vote in the July 31 primary.

A member of the committee said last week he thought the move was designed to help Faubus. However, Faubus attacked the action Monday, saying he didn't think the Democratic Party in Arkansas should be a closed corporation.

He said Republican voters in the primary should be taken at their word and indicated he thought the committee's action would be

ignored by most county organizations.

Chandler has a telecast scheduled over a Little Rock television station tonight. He said the speech would be taped because he also has a rally scheduled at Booneville.

Retail Sales in 2 Pct. Decline

WASHINGTON (AP)—Retail sales, one of several key economic indicators, declined 2 per cent in June.

The sales report, based on pre-

Fulbright to Stand Pat on His Record

LITTLE ROCK (AP)—Sen. J. William Fulbright, D-Ark., stood firmly on his record Tuesday while his opponent, Winston Chandler, televised a blistering attack.

Fulbright, in the state to campaign for a fourth term, said the Republicans' attack on the Kennedy administration is a reversal of Democratic politics when Eisenhower was president.

Democrats under Eisenhower, he said, went out of their way to cooperate with the administration. "Now all we're getting from the Republicans is a barrage of criticism. This indicates to me the Democrats are more responsible in service to our nation."

He said he was not ready to engage in a public verbal duel with Chandler. "I'm running on my record," he said. "I've been in Congress 20 years now and how I've voted is a public record. That's long enough for the people to judge."

Chandler was strongly critical

liminary figures, was issued Tuesday by the Commerce Department.

It showed that retail sales were down by \$431 million to a total of \$19.1 billion in June, the sharpest dip since the end of the 1961 recession. Retail sales were off by \$117 million in May.

Another Bomb Hits Pacific

WASHINGTON (AP)—The United States has announced firing of another airplane-dropped nuclear test device in the skies over the Pacific.

Tuesday's blast, the 26th announced by the government since the series began last April 25, was described as in the intermediate range, meaning its blast force was equivalent to 20,000 to 16 million tons of TNT. Detonation was in the vicinity of Christmas Island.

of Fulbright's record. He said Fulbright voted against a \$2 million cut in aid to India. That country, he said, does business with Russia and the money should have been used in Arkansas to "build roads, schools and raise the standard of living for our older citizens."

He termed Fulbright a leftist liberal who thought "the Cuban revolution was a good thing eight months after Fidel Castro had been in power." He attacked the senator for not protecting farmers, poultry raisers, egg dealers and timber producers from foreign competition.

While Chandler had actively campaigned since the ticket closed May 2, Fulbright has remained mostly in Washington. But the senator said he doesn't feel he got a late start. Last fall, he said, he visited 55 counties in the state and made 75 speeches.

"I guess you'd say I ran a preventative campaign."
